### Too Little For Too Much.

Kentucky stands very near the head of the list of states in the size of the state per capita she pays for education. She stands very near the bottom in the results obtained—the per cent of literacy of her population. A Federation woman was asked at Frankfort this winter if granting the school suffrage to women would remedy this. She said it would certainly help, and cited examples of women as economists. While Kentucky's state per capita for education is high, her total per capita is low because of the small amount of local taxation. This the women, by creating public sentiment for schools, have already done much to remedy. Still a great deal of money for schools in Kentucky is being poorly spent. This the woman could remedy.

The Cincinnati Enquirer says: "Of all the books of the season the War on the White Slave Trade is the most helpful; it should be read by every man, woman and child." Agents are making from \$8 to \$17 a day selling this book. Over 500 pages. Many pictures. Price \$1.50. Best terms to agents. Outfit free. Send 15¢ for forwarding charges. From various parts of the state comes the report that potato bugs are more numerous this year than ever known. They are also said to be attacking tomato plants. A certain and harmless cure for these pests is to dissolve one can of Merry War or Banner lye in 20 gallons of water and spray the plants. It will destroy the bugs as well as the eggs.

People who have stomach trouble in any form should drink Swango water, which is supplied free to all guests of Rittenhouse Ranch, a half mile from Hazel Green. J. H. Pieratt & Son, proprietors, are prepared to entertain all guests in the best possible manner, and the rates are much lower than at any mineral spring in Kentucky. Read their ad in this week's paper and then write them.

## COUNTY OFFICIALS.

GEORGE W. SALLEY, Sheriff  
J. T. CENTER, Assessor  
J. C. B. LITTLE, Jailor  
J. W. TAILBEE, County Superintendent  
E. J. CRECH, Surveyor  
J. FRANK SAMPLE, Coroner

In our boyhood days we were taught to never disturb a bird's nest. But that was before the little desperado, destroyer and general devil, the English sparrow, had been introduced in this country. Now, we invite and request all to make it a point to destroy every English sparrow, every egg of that sparrow, every nest and in short to make general warfare upon them. They drive out our song birds, they destroy garden truck and are guilty of incendiarism in carrying matches into nests in the house, where they are ignited by friction and cause conflagrations innumerable. Death and destruction to the English sparrow should be your slogan.

The editor of this paper received a dispatch from Adjutant General Johnson Tuesday authorizing him to go ahead and raise a company of state guards, with the understanding that George P. Dyer, late of the United States army, is to be drill master and captain. With the belief that Hazel Green and surrounding territory had good soldier material, the editor wrote General Johnson the facts, as he understood them, and the telegram was in response to our letter. The men who enlist, in accordance with our promise to General Johnson, must be physically sound and of good moral character, and we believe a company of that kind can be readily raised. George Dyer understands drilling the men, and having served several years in the United States service, where he learned to obey, he is competent to take command. We hope all the young men who have evinced a willingness to enlist will bear in mind the fact that his own honor, the honor of his county and the pride of his state are the things to contend for and that each and every one will strive to make good our word to General Johnson, viz: That we will have the best drilled, the best disciplined and as patriotic a company as any in the state. In short, that General Johnson will say of them when they are mustered that they are all we have claimed they should be. All who have agreed to go in are requested to meet at George Dyer's barber shop Sunday morning and enroll themselves for enlistment, so that General Johnson may pass upon the roster of the company as early as possible. And above all bear in mind that Hazel Green must have the best company in the guard.

MANY of our readers, and especially those who had access to the daily papers, will remember the mysterious and sudden disappearance of little Alma Kellner from her home in Louisville on the 8th of December last. The police and detective force of that city worked on the case for months, running down all clues and the theory that she had been abducted and was held for ransom, as she was only eight years of age, was generally accepted. Frank Fehr, the wealthy brewer and uncle of the child, after a reward offered by the family, city and state, amounting to \$3,000, raised the reward to \$5,000. But with all the detective and police talent that was brought into play no tidings of the missing girl could be heard except occasional false rumors, and finally all rewards were withdrawn. She was a pupil of St. John's parochial school and when she left home did so to attend a special mass at St. John's church. After her disappearance the building and grounds were searched, but no signs of her or her body could be found. Several arrests of suspicious parties were made, but each time the parties were discharged. A man by the name of Wendling was janitor of the school building and he disappeared a few days after the little one's disappearance, since which he has never been seen or heard of. Monday morning last a plumber, R. B. Sweet, while making some repairs in the cellar of St. John's church, discovered the decomposed body of a little girl, and upon investigation it was found that one foot was missing, the skull fractured and practically every bone in the body broken. A shoe matching the one found with the dismembered body led to identification of the remains and Wendling was at once saddled with the crime. Then it was called to mind that he had previously been arrested and fined for immoral talk with little girls of the school. Mr. Fehr has now put out a reward of \$1,000 for Wendling's apprehension and all people of christian or moral character are hoping to hear of his speedy arrest and punishment.

The total increase that the state board of equalization put on all the property in the state that it has been equalizing the past three months, amounts to \$64,000,000 and is the biggest increase ever put on by any board since the board was established. This \$64,000,000 will bring to the state \$320,000 more taxes than last year.

Alfred Crouch, aged 18, and Miss Nellie Carson, aged 32 were married at Georgetown last Thursday. Together with her sister, Miss Bettie Carson, Mrs. Crouch owns a pretty colonial mansion and several hundred acres of land in Scott county, and Mr. Crouch, who came from Estill county, had been working for them as a farm hand for several years.

While little Tommie Cookendorfer, son of William Cookendorfer, of Pendleton county, was at play, he was viciously attacked by a large shepherd dog, which bit him severely. The dog caught the child by the throat and had not some one been standing near who beat the dog off, the child would probably have been killed. The dog is a family pet and seemed to have grown jealous of the child.

As a result, it is alleged, of jealousy of her negro cook, Mrs. B. W. Eblen shot her husband at their home in Louisville, three shots being fired into his body, one of which passed through his heart causing instant death. Mrs. Eblen then fired two shots at the negro, who fled from the house, and overtaking her beat the colored woman into insensibility with the butt of the pistol. Mrs. Eblen surrendered to the police.

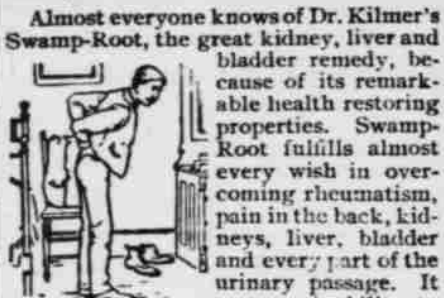

Governor Willson has offered a reward of \$500 for the arrest and conviction of each and any person guilty of banding and confederating together to intimidate or disturb Milton Oliver, of Lyon county. Oliver, who is one of the main witnesses before the Christian county grand jury, and upon whose testimony Dr. Amos, the leader of the night riders, was indicted, was shot while standing in his yard. The shooting of Oliver has aroused considerable feeling in that section of the state and it is feared that the life of every man who testified against the night riders is to be taken in order to prevent a conviction for the Hopkinsville raid.

## Do You Get Up

With a Lame Back?

Kidney Trouble Makes You Miserable. Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home of Swamp-Root, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

He was sired by Pat Washington, a celebrated saddle stallion of Fayette county, and out of a mare by Golden Chief, combined horse.

## DEMPSEY.

All possible care taken to prevent accidents, but I will not be responsible should any occur. W. C. SEBASTIAN.

## A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor.

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick headaches, they cannot be excelled. Ask your doctor about this.

Made by J. C. Ayer Co., Lowell, Mass.

## THE HERALD.

All of our hotels did a good business this week, and if any difference the Day House a few guests in the lead.

Miss Jennie Pieratt, of Montgomery county, visited relatives and friends here during commencement week.

Oscar Fallen, of Daysboro, transacted business in our town Friday and replenished our treasury to the extent of one buck.

Cashier Patton and wife visited at Jackson Sunday, returning Monday afternoon, and were much pleased with their limited outing.

Mrs. Moses Blankenship (nee Anna Swango), of West Virginia, is spending a few weeks with relatives and friends here and at Maytown.

## Children Cry FOR FLETCHER'S CASTORIA

John G. Neace, a former student at Hazel Green Academy, but now a teacher at Rochester, was a visitor here this week and took in the commencement.

Mrs. W. T. Caskey and Mrs. Ed Coulter, of Neosho, Mo., who is visiting her, called upon the editor and his better seven-eighths Tuesday morning.

A communication from Lee City, signed "Long Jim," is crowded out for want of identification. Our rule of signing the full name must be strictly observed.

A. Lynn Perry, the artist sign painter of Winchester, this week decorated the west side of Day's Racket store with a large sign advertising Roxa Kola.

Robert Blackburn, of Stanton, newspaper man and state manager of a life insurance company, was in town Tuesday night, a guest of the Hazel Green Hotel.

Sam Wilson took advantage of a few days' enforced idleness and treated THE HERALD building to a coat of nice gray paint with white trimming. Sam is always on deck when needed.

Floyd M. Rose came up from Hazel to attend the entertainment at Pearce Hall Saturday night and took advantage of advancing his subscription to THE HERALD a couple of notches.

Among the visitors here this week we note with pleasure the presence of Butler Hughes and wife, nee Nevada Nickell, both of whom were students of the academy a few years since.

Any and all kinds of book and job printing quickly and neatly executed by THE HERALD Job Department. When in need of anything in our line, don't fail to get our estimate on your job.

Mrs. Ellis Boyd and two children, Raymond and Geraldine, with Mrs. Boyd's sister, Miss Lula Evans, all of Honaker, Va., are visiting Mrs. Emma Evans and Mrs. Lou Day, mother and grandmother of the visiting ladies. They came in Friday afternoon and were in time to witness all the preliminaries of H. G. A.

## COMMENCEMENT WEEK.

The commencement week began Saturday evening at 7:15 with an entertainment by the primary pupils. An exceptionally large and well behaved crowd was present to hear the children. The subject of the piece which was so well acted was "A Dream of Fairyland," consisting of two parts. Each and every child acted their part so well that no special mention of any can be given. But the almost perfect rendition of the piece by children is due to the fact that the teachers had performed their part well toward the training.

Sunday morning the baccalaureate sermon was delivered by Prof. Willoughby at the Christian church the subject being "A Disciple's Duty," and was received by an appreciative audience. On Sunday evening the annual address to Y. P. S. C. E. was delivered by the same speaker.

Monday evening the young ladies' literary society was held, there being three representing the H. B. and three the U. D. society. It was a contest between the societies and no medals were given. The instructions to the judges were to grade by points. The societies were represented by one essay each and two declamations. The U. D. society was given the honor by winning six points against three by the H. B. society.

On Tuesday evening the young men's literary society contest was held, the societies being represented by one essay, one declamation and one oration each. The H. B. were given the honor by the judges by winning the full number of points.

On Wednesday morning at 9:30 o'clock the regular graduating exercises were held. The address to the graduates was delivered by R. H. Crossfield, president of the Transylvania University, the subject being "What is Worth While," and was pronounced by a masterpiece of oratory. The two graduates from the academic course were Joseph Estep, who delivered an oration on the subject of "Our Heritage," and John Henry Williams, whose subject was "Conservation of the Natural Resources of Eastern Kentucky."

On Wednesday evening, at 7:30 o'clock, a musical recital was given to the largest audience that greeted the entertainments during the week. Each and every one rendered their pieces fine under the wise supervision of Mrs. Poteet, the excellent music teacher. This ended the exercises of commencement week.

During the past year the school has been unfortunate in not securing a principal, but under the supervision of Prof. M. O. Carter, acting as substitute, the school has made one of the best records of the past. The C. W. B. M. board has been fortunate in securing the services of Prof. W. D. Willoughby as principal for the future.

## HYMENEAL.

JAMES-PERKINS.

Married, near the residence of Boone Center, June 1, Miss Zerilda Perkins and Alex James, Rev. Center officiating. The bride is the eldest daughter of our fellow-countyman, Doc Perkins, and the wedding is the culmination of a long courtship.

STAMPER-WARD.

Wednesday, June 1, Miss Clemma Ward and Willie Stamper, of Goodwin's Chapel, were united in the holy bonds of matrimony in our town.

The address to the graduating class at Hazel Green Academy, delivered by President Crossfield, of Transylvania University, Wednesday morning, was thought by all who had the pleasure of hearing it to be the best address ever delivered before our school. It was scholarly and sensible throughout and full of timely advice to the graduates.

Since the opening night of the commencement exercises, Saturday night last, the town has been full of visitors and much interest has been manifested during the time.

## Monday's Ball Games.

The two ball games played here Monday were the most interesting that have ever been played upon the academy campus. The first game was between Frenchburg and West Liberty and was hotly contested from start to finish, the score standing 17 to 9 in favor of Frenchburg. In the afternoon Frenchburg and Hazel Green crossed bats for the championship and there was some first class ball playing as a result. In the first inning Hazel Green made four scores, but three or four times before the game was finished Frenchburg proved they were ball players by tying our boys, and warmly contested every point. Hazel Green proved to be the superior team by the score of 14 to 10. Berry Wheeler, of Morgan county, but now living in Frankfort, umpired both games, and so far as we have learned rendered satisfaction in his decisions.

## Sudden Death of Miss Trimble.

One of the saddest deaths THE HERALD has ever been called upon to record occurred Thursday evening last. Or at least the accident which led to her death was on Thursday evening, though death did not come until Friday morning about 10 o'clock. About 5 o'clock Friday evening the community was greatly shocked to hear that Miss Mary Ellen Trimble had been fatally hurt by the ceiling and roof of a building she was tearing down falling upon her. It was so sudden and so shocking that many refused for a time to believe it, hoping that the report had been exaggerated and that she would rally. But later news confirmed the horrifying story in all its details, and Friday morning the news came that she had died at about 10 o'clock. A remarkable coincidence was that she was 59 years of age the very morning she died. She was a maiden daughter of the late Preston Trimble and much beloved for her attention to all who were sick in her neighborhood. She was a member of the Christian church and lived a consistent life. She leaves two brothers and a sister to mourn her untimely and sad demise, beside a host of other relatives and friends. Prof. Carter conducted the funeral services and her remains were laid to rest in Hazel Green Cemetery beside the bodies of father and mother.

The Mill Creek nine and Hazel Green's first team played a game on the grounds of the latter yesterday afternoon with Hazel Green the victor, the score being 17 to 11. Some of the Mill Creek boys proved good ball players, but Hazel Green is getting to be invincible and if they hold together will ere long be able to contest with some, at least, of the league teams. 'Rah for Hazel Green.

Among the fair ones taking in the commencement from neighboring towns we are delighted to see Misses Clara Wilson, of Lee City, and Lura Davidson, of Daysboro. They paid our office a short but very pleasant call Tuesday afternoon. They brought sunshine and summerliness with them, and we are always more than glad to welcome such visitors.

The examination for county certificates held in this county this month resulted in several certificates being granted, the two highest being given to Lenix Swango, 96, and Lloyd Lutes, 90. Several certificates were granted and many excellent grades made beside the above, but we did not learn the names of other successful candidates.

Among the many from Camp-ton who attended commencement exercises at the Academy we noticed: Mrs. N. C. Day, Mrs. S. G. Sample, Misses Edna Hale, Stella Manker, Nora Stamper, Nola McClure and Lizzie Rose; Messrs. I. N. Horton, Richmond Horton, Charles Williams, Jack Williams and Lum Fuks.

Wanted—Immediately, 10 teams to haul railroad ties. Call on John D. Rose, Lewis, Ky.

## Come In and Settle Up.

As Mr. C. F. Kash, of the firm of Kash, Johnson & Kash, will withdraw from the firm at an early date, it is absolutely imperative that all accounts must be settled up at once. This is to notify all who are indebted to said firm to come in and settle by note or account as they must be settled within the next 30 days. Meantime goods will be sold cheaper than ever to let Mr. Kash out and if you want bargains NOW is YOUR CHANCE. Respectfully,

KASH, JOHNSON & KASH.

H. G. Warmouth, a merchant of Clay City, committed suicide by shooting himself in the head with a pistol Tuesday afternoon. Failure in business was given as the cause. Last week he made an assignment, but could not recover his nerve, lost through incessant use of intoxicants, and Tuesday ended it all.

Our friend James Combs, of Lacy creek, has the thanks of the editor and his better seven-eighths for a fine fat ground hog, which graced our dinner table Tuesday. No epicure ever tasted anything superior to a tender and juicy ground hog well cooked and seasoned.

## CASTORIA For Infants and Children.

The Kind You Have Always Bought Bears the Signature of *Chas. H. Fletcher*

W. P. Webster and little son left Sunday afternoon for Swango Springs, Wolfe county. "Pack" has been in bad health for several months and will try this mountain resort for recuperation. They were accompanied on the journey by E. D. Webster.—Grant County News.

Col. B. W. Trimble, late editor of the Mt Sterling Advocate, has been in town during the week attending commencement and visiting among relatives. He says he is enjoying a much needed rest from newspaper work.

Notwithstanding the large number of people in attendance here this week, there has been no disturbance of any importance. Town Marshal Joe A. Rose and his able assistants, Monroe Nickell and Claude Day, have maintained perfect peace.

## A BARGAIN IN BUSINESS.

DESIRING to change location two of the firm of Kash, Johnson & Kash are determined to withdraw, even though they sacrifice the stock. It is the opportunity for people who need goods, as everything will be sold at less profit than any other merchant in Eastern Kentucky can afford. HIT NOW, WHILE THE IRON IS HOT!

Preferably, however, we will sell the entire stock, invoiced, house and fixtures at a great sacrifice. This is the opportunity of a lifetime for any one who wishes to engage in the mercantile trade, as our health will not permit us to continue. Being on the corner of Main and Broadway it is the most desirable location in Hazel Green, for YOU CATCH TRADE "GWINE AN' ACOMIN'." It is on the spot where once stood the old Pieratt Hotel, a celebrated hostelry in its day, famous all over Eastern Kentucky.

We want to sell in bulk, and if you'll meet us half way we can make a dicker. Respectfully yours,

KASH, JOHNSON & KASH.

Beside a day in June, my dear, all other days are nothing, for then it is one's eager ears may hear the soft wind sighing by forest ways, and perfect days of brightly flowered meads and joyous songs are come along just like a string of beads.

A poet one time asked us what is per- adventure like it, and died well knowing we had not the wit required to strike it. He simply tried, before he died, to give us one so hid we'd work at it till time shall quit, and by the gods he did.

The breath of summertime shall rouse the festive calf to action, and what with unrestrained carouse, he'll do for an attraction. He'll buck and dance around the manse in no great show of grace, and wave his tail with brave assail in Mr. Halley's face.

The heavy-droning bumble-bee shall kiss the blushing clover, and skies as blue as any sea shall bend the planet over. The graduate shall right the state from Maine across to Yuma, and the groom in stress shall S. O. S. his dad for more mazuma.

Of June it may be said, indeed, it is a great invention. And one we rather badly need. To somewhat ease the tension. If we're to fish, to loaf and wish, Or hearken Nature's call, We'd do it soon or late in June, Or not do it at all.

The comet, having hung about until we were converted, shall gradually peter out and leave us quite deserted. We must recall we are not all the world it sets aright, and bid it speed where there is need to cause another fright.

It is a sort of cop upon a beat of great dimensions, and must by then be getting on to scatter its attentions. They have John D.'s and Morgan P.'s on many a distant ball, and were it not for Halley hot these few would grab it all.

A Guggenheim would capture Mars, a Rockefeller Venus, and Morgans on the other stars would utterly demean us. We'd even be, unhappily, quite naked where we sit if it were not that Halley got around and saw to it.

It will not all at once appear how far the comet served us, or just to what extent the fear prevailed while it observed us; but safe to say that for a day or thereabouts somewhere the trusts won't find it half so hard to tell our things from theirs.

However, and be as it may, The comet will outpace us, And Theodorus on a day Will happily embrace us. The hemisphere will tip, we fear,

Beneath his mighty track,  
But even to the stars will  
Rejoice to see him back.

'Twere better to be in a club and branded Ananias than languish sadly as a dub unsung or honored by us. The chance for fame since Afric game wooed this extraordinary son of the Dutch has not been much, and he is welcome, very. Our Mr. Taft's a good old soul, and plugs along undaunted, but Theodorus on the whole was rather what we wanted. We never cease to prate of peace and say that war is bad, but even so it does get slow with no one very mad. We rather liked the pleasant sound of peace gone willy-nilly, and someone being chased around the White House with a billy. We've missed it much for lack of Dutch in smiling Mr. Taft, and mortal sin but it has been a long time since we laughed.

The present Congress will conclude Where freedom's latest squawk was, And turn to have it worked reviewed By all the big chautauquas. The President will pitch his tent At Beverly again, And the news anon will dwell upon The likelihood of rain.

Upon the 21st the sun will reach the line of Cancer, and summer not too underdone will haply be the answer. This is, they say, the longest day, however you may search, but you will hardly notice it unless you are at church.

At any rate, the swimming-hole will get a little warmer, and harvest time will vex the soul and slumber of the farmer. He'll pray for hands to tend his lands, spread food and tie the dog; and the wary tramp will make his camp inside a hollow log.

The rich will hie away to spend the summer by the water—to live until the season's end the glad life of an otter. The poor, meanwhile, will sweetly smile, however fortune goes, and splash and rub inside the tub alternate with the clothes.

The singing stars will reindulge their old familiar riddle, and milk and butter-milk will bulge the boarder round the middle. The heart for June will hum a tune, or plenty or a crust, and the whip-poorwill when night is still will whistle like to bust.

And then July will come around In terrible ascendancy, And we will shoot each other up Observing independence.

**A Woman's Great Idea**

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at all dealers.

Broken faith can not be mended like old china. You may patch it up, but there forever afterwards lurks a certain suspicion of mistrust. You may think it is forgotten, but it is not so.

**People Tell Each Other About Good Things.**

Sixteen years ago few people in the world knew of such a preparation as a Powder for the Feet. Today after the genuine merit of Allen's Foot-Ease has been told year after year by one gratified person to another, there are millions who would as soon go without a dentifrice as without Allen's Foot-Ease. It is a cleanly, wholesome, healing, antiseptic powder to be shaken into the shoes, which has given rest and comfort to tired and aching feet in all parts of the world. It cures while you walk. Over 30,000 testimonials of cures of smarting, swollen, perspiring feet. It prevents friction and wear of the stockings and will save in your stocking bill ten times its cost each year. Imitations pay the dealer a larger profit, otherwise you would never be offered a substitute when you ask for Allen's Foot-Ease, the original powder for the feet. Imitations are not advertised because they are not permanent. For every genuine article there are many imitations. The imitator has no reputation to sustain—the advertiser has. It stands to reason that the advertised article is the best, otherwise the public would not buy it and the advertising could not be continued. When you ask for an article advertised in this paper, see that you get it. Refuse imitations.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all dealers.

**Fair Warning.**

Several times I have asked subscribers who are in arrears to come in and pay up so that I can pay my just debts. A few have come to my relief, but, alas, the great majority pay no attention to my appeals, and patience has worn out the seat of his pantaloons waiting for them to pay. This is the last time I shall ask them and if they are not squared up by June 1, 1910, they will have to pay a collector. Hoping I may have but few names to turn over to collectors, I am

**Woman's Beauty**  
Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.  
Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.  
**TAKE CARDUI**  
It Will Help You  
Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.
